

October 14, 2018 | Genesis: Act II  
**The Danger of Lingerin**  
[Genesis 19](#)

As we continued in the Book of Genesis this week, Pastor David shared the story of God's rescue of Lot from Sodom. [Read Genesis 19](#) before considering these questions.

- What similarities and/or differences do you see in your community and Sodom?
- Think about a time when you have "lingered" or "longed" for something in your past God was calling you away from. With that in mind, describe the similarities and/or differences you see between yourself and Lot? Between yourself and Lot's wife?
- Why is curiosity about sin dangerous?
- What have you been unable and/or unwilling to leave behind? Why?

In your time with God this week,

1. [Thank God](#) for providing ways for us to escape the danger and "inherent pull of sin".
2. Pastor David mentioned a U2 song titled "[Walk On](#)". Read through the lyrics to that song and [ask God](#) to help you move forward in obedience to His call for you.
3. [Commit](#) to identify and leave behind anything and everything that could keep you from experiencing God's best for you. What is your next step in that journey?
